

B. EPA may reject these objections if the Agency concludes either that:

1. They are not made in good faith;
2. They are untimely;
3. They are not related to the

adequacy of the proposed testing program or other features of the agreement that may affect EPA's ability to fulfill the goals and purposes of TSCA; or

4. They are not accompanied by a specific explanation of the grounds on which the draft agreement is considered objectionable.

EPA will prepare an explanation of the basis for each ECA. The explanatory document will summarize the agreement (including the required testing), explain the objectives of the testing, and outline the chemical's use and exposure characteristics. The document, which will also announce the availability of the ECA, will be published in the **Federal Register**.
